Protecting our people, assets, business and the environment

MODEC Health, Safety, Security, Environment, and Quality Policy

It is the policy of MODEC, Inc. to conduct all business activities in a responsible manner, which assures the health, safety and security of people, preservation of the environment, quality of the products/services and compliance with all applicable health, safety, environmental, security, legal, quality and regulatory requirements in countries where we operate.

To achieve this business ethic, we utilize Health, Safety, Environmental, and Quality (HSEQ) management systems that are designed to:

- Promote Leadership commitment to prevent injuries, ill health and adverse impacts on the environment;
- Provide a framework that will comply with client requirements, applicable codes and standards;
- Assign clear roles and responsibilities regarding HSEQ;
- Identify, analyze and effectively manage all risks arising from MODEC activities;
- Provide systems of work, appropriate technology, tools, and procedures that meet appropriate performance standards;
- Maintain a constant vigilance and readiness to prevent and, where required, respond to and effectively manage emergencies
- Continually monitor and improve our HSEQ systems and performance, including reducing and preventing pollution, through an on-going review of our objectives, targets, metrics, system gaps, and implementation of proper corrective and preventative actions.

These will be the guiding principles in our execution philosophy, procedures and commercial agreements.

This policy is applicable to MODEC, Inc., all its subsidiaries and their subcontractors, as appropriate.
